

Inner West Busway along Victoria Road

17 May 2010

IMPORTANT INFORMATION

Cycleway improvements in Terry Street, Rozelle

On Tuesday 18 May 2010, the RTA will install new signs and pavement markings in Terry Street, Rozelle between Victoria Road and Wulumay Close.

The work is part of the Inner West Busway Cyclist and Pedestrian Improvements project.

The work will be carried out between 7am and 1pm and involves repainting bicycle shoulder lanes on both sides of Terry Street.

Parking will be unavailable during the work to ensure that vehicles are not affected by paint overspray.

Signs and barricades will be erected prior to the work to remind residents and motorists about the temporary parking restrictions.

The work is subject to weather as pavement markings will not adhere to a wet road surface.
