

Inner West Busway along Victoria Road

14 May 2010

IMPORTANT INFORMATION

Cycleway improvements in Wrights Road, Drummoyne

On Tuesday 18 May and Wednesday 19 May 2010, the RTA will install new signs and pavement markings in Wrights Road, Drummoyne between Lyons Road and Wolseley Street.

The work is part of the Inner West Busway Cyclist and Pedestrian Improvements project.

The work will be carried out between 7am and 1pm and involves painting bicycle shoulder lanes on both sides of Wrights Road. Parking will be unavailable during the work and the parking lanes will be barricaded as required.

The work is subject to weather as pavement markings will not adhere to a wet road surface.
