

Inner West Busway along Victoria Road

IMPORTANT INFORMATION

Pavement investigation to commence in Drummoyne

The RTA will investigate the pavement between Westbourne Street and Iron Cove Bridge from 6 September, 2009 to 25 September, 2009, weather permitting. This pavement investigation will enable us to better plan the road works in Drummoyne and help us to identify ways that we can minimise noise for residents during construction.

This work will be staged over a three week period at the following sections along Victoria Road:

- Westbourne Street to Lyons Street (4 locations).
- Lyons Street to Edwin Street (2 locations).
- Edwin Street to Day Street (2 locations).
- Day Street to Park Street (2 locations).
- Park Street to Iron Cove Bridge (1 location).

Investigating the pavement involves 'type one' noisy work including saw cutting and hammering over short intervals between 10pm and midnight.

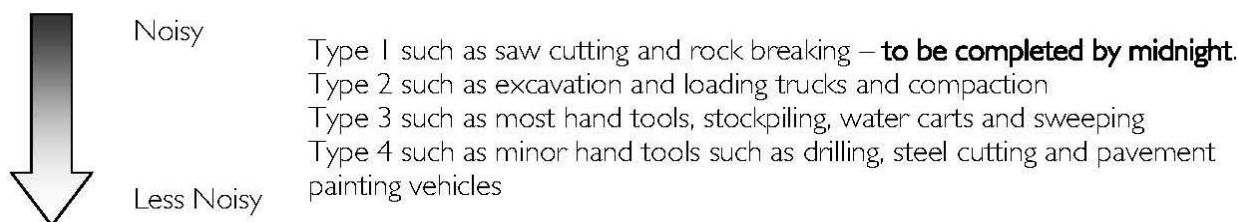

Working hours

Work will be carried out over three weeks at night from Sunday to Thursday between 10pm and 5am to minimise the impacts on traffic flow, access and parking on Victoria Road.

This schedule is subject to weather, technical issues or innovations which may arise during this time.

Noise impact

Noise impact will vary depending on your proximity to the noise source, protection by other structures and the type of building you reside in. Noise levels have been identified in the project's *Construction Noise and Vibration Management Plan*, ranging on a scale of one to four. For more information about the noise plan please visit www.innerwestbusway.com.au.

Lane closures

Victoria Road will remain open at all times. However, various temporary closures of the lanes on Victoria Road (citybound and westbound) will be implemented Sunday to Thursday 10pm to 5am.

Traffic management signs and crews will be in place to direct drivers safely around the work areas. Drivers are requested to take care and to follow the signs.

Parking arrangements

Pavement investigation work will not affect parking on Victoria Road during this period.
