

Inner West Busway along Victoria Road

Notification date – 28 October, 2009

IMPORTANT INFORMATION – Night works planned for Crystal Street east (next to the Caltex) and Victoria Road, Rozelle

Work is required to raise overhead electrical cables at Crystal Street and Moodie Street, Rozelle.

The power pole on the corner of Crystal Street and Victoria Road will be replaced. A new overhead cable will be installed down Crystal Street, across Victoria Road and down to the corner of Moodie and Waterloo streets.

Work will take place at night between the hours of 7pm and 5am on **Monday, 2 November**. The work will produce some noise and the RTA will work to minimise the affect on nearby residents.

Power supply - there will be no disruption to residents power supply.

Parking and access

There will be a complete road closure of Victoria Road, between Crystal and Wellington streets, for up to three minutes while the cables are being relocated.

The access to Crystal Street from Victoria Road at the western end will be opened at all times to traffic. The eastern access (next to the Caltex) will operate under traffic control and will be restricted at times during the night

From 7am on Monday 2 November to 7am on Tuesday 3 November approximately 8 parking spots will be temporarily removed on Crystal Street. This is to maintain a safe work area during the installation of the new power pole on Crystal Street east. 'No Stopping' signs will be in place.
