

Inner West Busway along Victoria Road

FACT SHEET – APRIL 2009

King George Park What to expect on completion

Restoring the park

The park will be restored and landscaped in consultation with Leichhardt Council and the local community. The new bridge and approaches will be contained within the road reserve adjacent to King George Park.

Early artist impression of King George Park in 2011.

New playground

On completion of the project a new playground will be built as part of restoring King George Park. The design and location of the new playground will be determined in consultation with the community and Leichhardt Council. The style of design currently being investigated is shown below.

Example of new play equipment being investigated (indicative only).

The memorial

When the park is restored, the memorial will be returned in consultation with Leichhardt Council and the relevant interest groups.

The memorial in King George Park.

The Bay Run

A new path will connect the Bay Run to the shared-use cyclist and pedestrian path on the new bridge.
