

# Inner West Busway along Victoria Road

FACT SHEET –APRIL 2009

## Driving through Rozelle What to expect on completion

### Bus lanes

A dedicated citybound bus lane will be provided for in the peak traffic periods. Bus lanes will operate as follows:

- AM peak - Citybound from Seymour Street, Drummoyne to The Crescent, Rozelle.
- AM peak - Westbound from Clubb Street, Rozelle to the end of the new bridge where it will merge with the general traffic.
- PM peak – Citybound from Seymour Street, Drummoyne to Terry Street, Rozelle.
- 24 hours - Citybound over the Iron Cove Bridge between Park Avenue, Drummoyne and Terry Street, Rozelle.

### New traffic arrangements

- A single right turn lane will be provided into Darling Street (citybound) in the AM peak. At all other times, two turning lanes will be provided. Overhead signs will advise motorists of turning arrangements.
- The right turn into Evans Street (westbound) will be closed. Drivers can turn right at Robert Street, Darling Street or Terry Street instead.
- The right turn into Gordon Street (citybound) will be closed. Drivers can turn right at Darling Street or The Crescent instead.
- The westbound right turn lane into Terry Street will be extended.
- The dedicated left turn lane into Terry Street citybound, will be removed. Drivers may still turn left from the bus lane.
- The turning lanes into Darling Street (from both directions) will be extended.

### Improved safety for pedestrians

The pedestrian fencing along the median at Darling Street will be extended.
