

Inner West Busway along Victoria Road

FACT SHEET – APRIL 2009

Additional temporary construction compounds and work sites

Summary

Four construction and compound sites will be set up to build the new bridge.

Locations include

- King George Park, Rozelle.
- On Henley Marine Drive, Drummoyne (two sites).
- In Iron Cove.

Additional temporary work sites will store equipment and materials. Locations include those listed below.

Fencing will be installed around these areas.

Timeframe

Construction and work compound sites will be set up in early-mid 2009 and some will be kept until the project is finished.

Notifications will be delivered in the local area
