

11 August 2009

Dear resident

The Roads and Traffic Authority (RTA) plans to open the temporary car park on the corner of Henley Marine Drive and Formosa Street, Drummoyne (orange area on the map over the page) by Monday, 17 August 2009.

This temporary car park will provide spaces for local business customers and visitors to nearby recreational facilities during construction of the Inner West Busway. Following completion of the Inner West Busway, the RTA will fully restore this corner of Brett Park, as requested by Canada Bay Council.

Following the opening of the temporary car park, the existing parking areas near Iron Cove Bridge (blue areas on the map) will be closed so they can be used as construction and compound sites for the Inner West Busway.

The lower car park near The Cove café will be closed from Monday, 17 August 2009 and the upper car park will be closed from Monday, 24 August 2009.

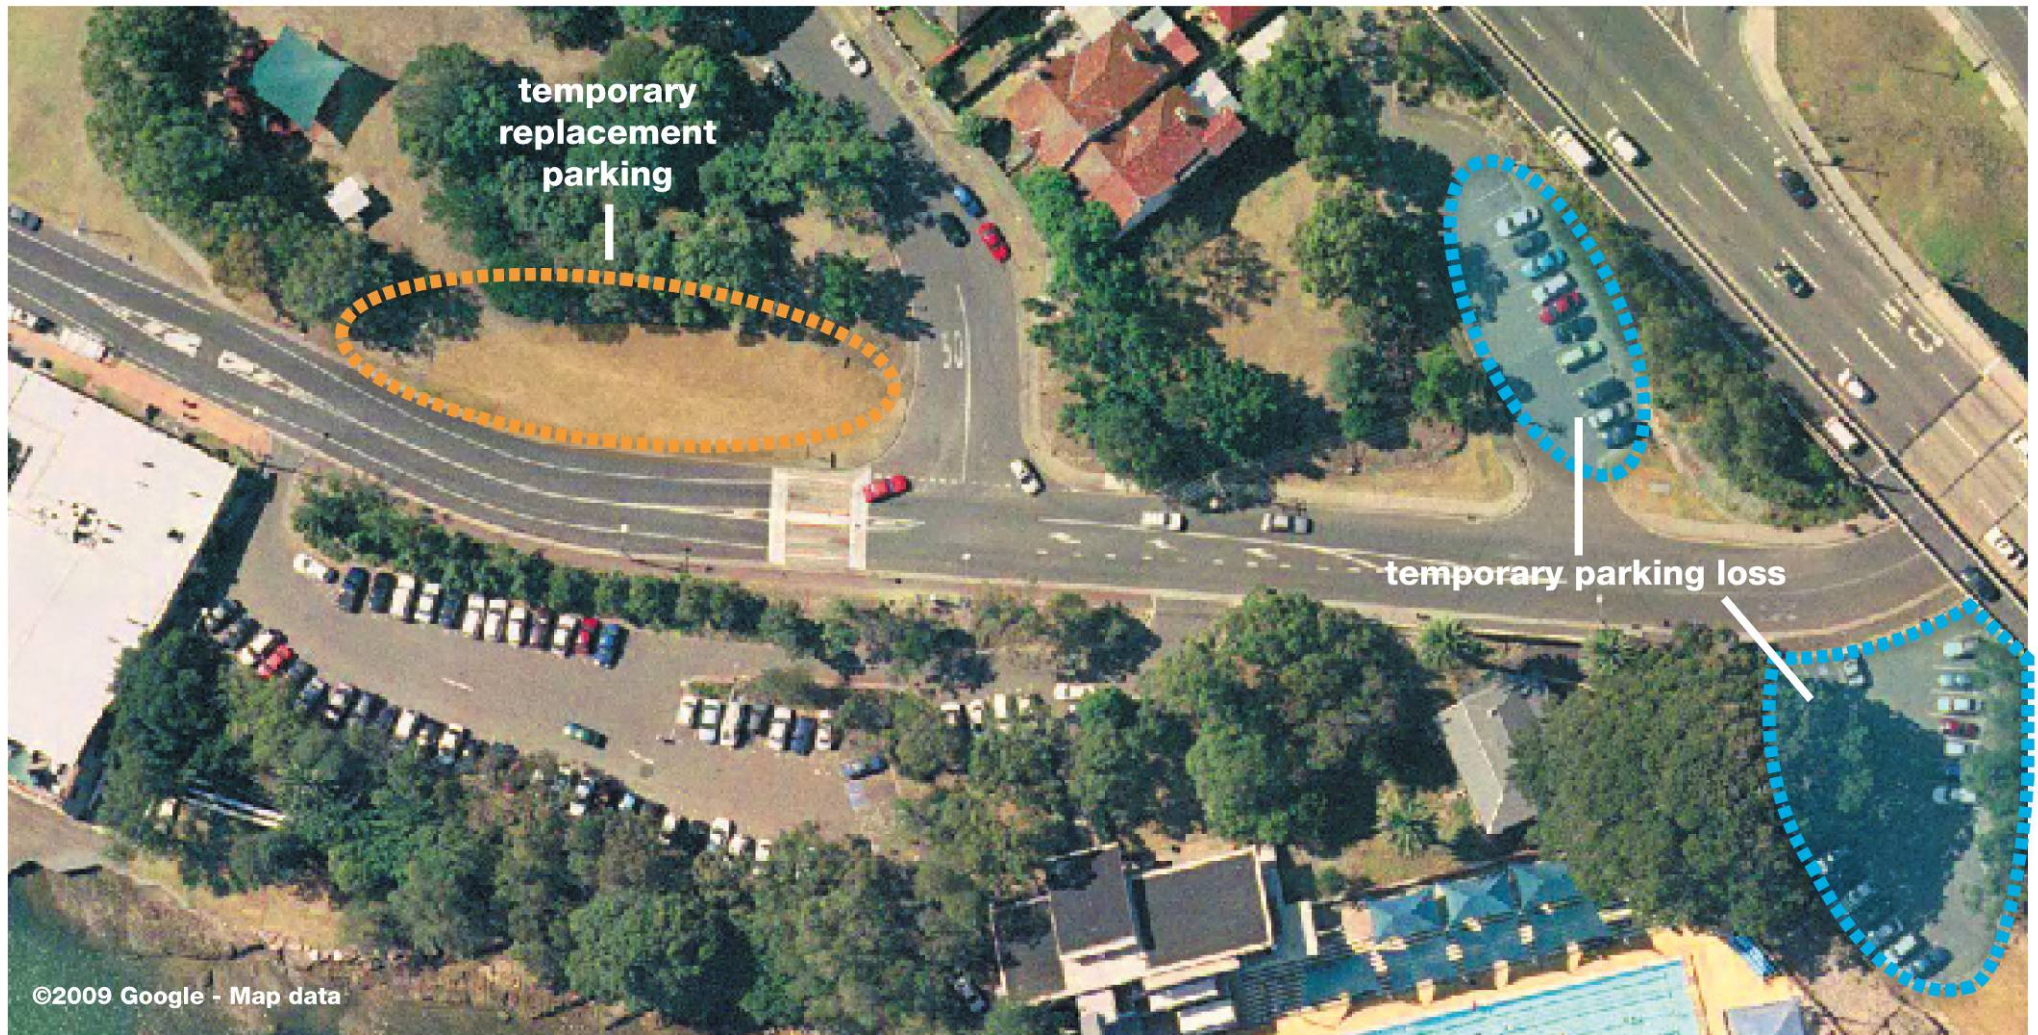

There may be some traffic disruptions while the construction and compound sites are being built while machinery is being delivered. There will be some additional traffic in this area associated with the construction work over the next 18 months.

If you have any enquiries, please contact the community relations team on 1300 780 841.

Yours sincerely,

Andrew Davidson  
Senior Project Development Manager
